Knight in the Spotlight

The chapter would like to introduce its newly elected Commander, Kirk Bork. Kirk is a rising senior from Kernersville, North Carolina. He has a 3.6 GPA while double majoring in Business Administration with a concentration in Finance and Accounting. He is one of the public faces of the College of Management, working in its ambassador program with current and future students as well as alumni and representatives of businesses. Being a Commander must run in the Bork family, as his older brother is a former Commander of the Mu Gamma chapter at UNCW and his twin brother is the current Commander of the same chapter. This summer, Kirk will have an internship at Credit Suisse and will be working in the Research Triangle Park.
